## Are Busily Engaged On Gambling Bills and County Division

**Nye County Division Bill is Doomed to an Early Death---Gambling Bill Will Cause Hard Fight---Reno Calamity Howlers Doing Peanut Politics for Their Pet Measure---Funeral Announced Later.**

(By Special Correspondence.)  
CARSON, Feb. 8.—C. A. Kane today introduced the bill dividing Nye and creating Bullfrog county. While few legislators see the necessity of this measure, as there was for the division of Lincoln county, Mr. Kane has an element of personal strength which will secure for the bill a formidable support. In the first place, he belongs to the ruling faction of the Democratic party, "takes program" as it is doped out by the secret caucus and for this reason commands consideration. Again he has a kick coming, in that he claims he didn't get his share of the attaché patronage. He made this known on the floor of the assembly when the final distribution was made, received no consolation, took his medicine like a little man and now he is demanding that he be given his. The boys dislike to turn down a man like that and it is going to require at least a noisy opposition to defeat the division bill, but it will be defeated just the same.

That anti-gambling bill was finally introduced today, by McIntosh, of Elko. Stripped of its legal verbosity, it makes the various forms of gambling, including slot machines, a misdemeanor, with a fine as high as \$1000, and imprisonment as long as one year, or both, makes the possession of gambling paraphernalia evidence of guilt, allows an officer the right to break in a door to secure such evidence and judges the authority to order such chattels destroyed; gives a broad description of what a gambler is, and clinches him for \$100 fine, two month's imprisonment, either or both, at every possible opportunity, and throws the gaff into the business good and hard, generally and specifically. Friends of the bill have adopted as a war cry: "Shall Reno be a university town or a Monte Carlo?" Even those legislators who are not violently in favor of the measure are predicting today

that it will pass the assembly substantially in its present form. They declare that good campaign work has been done during the past ten days by the Anti-Gambling league and that they must bow definitely to the supreme power of public opinion. Thus far the assembly is an unknown quantity, so far as the sporting measure is concerned; but you are at liberty to take it from yours truly that the members of that body are as susceptible to the influence of vox populi as the rest of us more humble citizens. As far as your correspondent has been able to judge, there is not a rhinoceros-hided member of this legislature; every man jack of them has his ear to the ground, strained to hear the holler from the voter at home, with at least an eye peeled on his own political future. So it sure does behoove the knights of the green cloth to get very busy at an early date, not only in pulling wires but in manufacturing some public opinion of their own, unless they are contemplating migrating to Old Mexico.

In the senate today, a job lot of bills of minor importance were put through their paces expeditiously, and an adjournment was taken until tomorrow. No member of this branch of the legislature seems to be distressingly enamored with the music of his own voice, so it doesn't take all day to clean up the calendar. Now, over in the other end of the capital things are different. There are in the assembly at least a half a dozen self-acknowledged statesmen who prefer their own more or less melodious voices to the dinner bell, or even the 6 o'clock whistle.

That man Pine, of Esmeralda, needs watching. He seems to be getting a trifle gay on the side. His president pro-tem desk today was adorned with a bunch of many colored carnations that you couldn't shove through an ordinary door. Though he wasn't under oath at the

time, he met the accusation that he had bought them himself with a flat-footed denial, the expression on his face adding, that he simply can't stop the dear creatures from tossing bouquets in his direction.

Brandon introduced in the assembly a bill abolishing recorders of mining districts and providing that location certificates be recorded with the proper county official.

## STOCK MARKET

Honors were about even yesterday on the stock exchange board in comparing the rise and fall of the market securities. The feature of the board was the rise of Tonopah Mining, which advanced 25 points. Midway also rose 2 cents before the closing. The majority of the other local stocks held their own or fell away a few points.

In the Goldfield securities Goldfield Combination and Florence both advanced 5 points in price, with practically no change in the others.

## MISSISSIPPI VALLEY HAS GREAT BLIZZARD

(By Associated Press)  
KANSAS CITY, Feb. 9.—A blizzard prevails over the entire southwest and the Mississippi valley region. Considerable damage has been done.

## TWELFTH JURY IS SECURED.

SAN FRANCISCO, Feb. 9.—The twelfth temporary juror was obtained in the Calhoun bribery case shortly after noon. The exercise of pre-emptory challenges will begin at 2 o'clock tomorrow afternoon. It is believed that few will be left in the box.

## PUBLIC SCHOOLS ARRANGE PROGRAM

**PUPILS WILL PARTICIPATE IN INTERESTING EXERCISES ON LINCOLN'S BIRTHDAY.**

The first semester of the Tonopah schools was brought to a close Friday, February 5. It marked the close of the first twenty weeks, or half of the school term. The week was spent in giving examinations, which on the whole proved very satisfactory, as few failures were recorded. It is hoped that all parents will examine the report cards of their children, and if in doubt as to the standings, confer with the teacher in order that future failures may be prevented.

Friday, February 12, being the centenary of Lincoln's birthday, the school has prepared a program for the occasion. A short program has been arranged by each grade, so far as it was possible, thus enabling all the parents to attend.

The programs will start promptly at 2 o'clock, and it is hoped that all parents and friends interested in the school will be present at these exercises.
